At Detroit the American Turf Association placed the ban on Sunday racing and issued a rule barring all owners, trainers, jockeys and bookmakers, who violate the rule, from the tracks of the Association.

THE city of New York has accepted plans for the erection of a new \$4,000,000 Penitentiary on Riker's Island. The growth of our Penitentiaries seems to keep pace with the industrial progress of the age.

THE Governorial campaign is to open in two weeks. At Louisville, Hon. AUGUSTUS E. WILLSON, Republican nominee, announced that he will begin his canvas early and that he proposes to make a thorough campaign over the state.

THE PUBLIC LEDGER is fully satisfied and contented with the status of the Taft Presidential sentiment in Kentucky, and, as much as it would have liked to have had him indorsed by the Louisville Convention, we think it was both wise and politic that the Secretary was not given the indorsement of the convention at this time. The success of the state ticket is the all-important and engrossing subject now up to the party. Kentucky is 3 to 1 for TAFT, and we do not imagine his boom will suffer during the coming year. The entire country and the majority of the voters in both parties have declared that ROOSEVELT's successor must be a man committed to the President's policies, and that individual is W. H. TAFT—not FAIRBANKS, or KNOX, or FORAKER.

WINTER'S

Maysville, Ky.

THE delegates to the Hague Peace blow-out might ask themselves, "what are we here for?"

OWING to his serious illness former President GROVER CLEVELAND will be unable to deliver the principal address at Wilmington Del., today at the unveiling of a memorial statue to THOMAS F. BAYARD.

Poor little old Louisville. What she has to pass through is a plenty. Now it is announced that Governor BECKHAM is to take another political whack and a crack at the old town and is scheduled to make a clean sweep of the Democratic frauds who now occupy the offices, and replace them with simon-pure Beckham heelers.

YESTERDAY's Courier-Journal, in a leading editorial commenting on the Republican Convention at Louisville, said:

"The ticket is a good, clean ticket. For the matter of that, so is the Democratic ticket. Personally, socially and from the neighbor standpoint, The Courier-Journal felicitates Mr. WILLSON upon coming to his own at last. He has been a wheel-horse in the cause of Republicanism. He has contributed to his party character and intellect and indefatigable activity. He has fully earned and richly deserves his nomination, and, whether he be elected or defeated, he will retain the respect and good will of all who know him.

"Nobody can tell what a campaign may bring forth. The race has yet to be developed. Many things lie in abeyance. From the present outlook it is a fight, and we think the Democrats realize this. Each party has its factions and dissensions. Much will depend upon the skill of the managers."

"On the whole the leaders have reason to congratulate themselves upon the brand of harmony."

A WARNING TO BOYS.

A farm boy went to the city to seek his fortune. For six months not a word was heard from him. Then one winter afternoon his father got this note:

"Dear Pa.—Meet me under the old bridge to-morrow after dark. Bring with you a blanket or a suit of clothes. I have a hat."

SHOES FOR... BOYS!

Properly clad your boy's feet with good, heavy, serviceable Shoes. The material from which our line of Shoes is made is far superior in price and quality to all others.

Children have tender stomachs

Most Physics are Dangerous

A child's stomach is very tender and cannot digest food as well as an adult's, and neither can it stand the explosive purgatives which adults are often persuaded to take for constipation and other stomach disorders. Many parents give their children such physics as salts, or the ordinary pills and tablets, that are pleasant to take because of their taste. A child that is dosed with such physics soon forms a habit which if continued means a permanent loss of health. A physic will be constantly required to move the bowels. Children do not object to taking

Dr. Caldwell's Syrup Pepsin

as much as they do even the most palatable candy preparations, and the effect upon them is a thousand times more beneficial. Dr. Caldwell's Syrup Pepsin is a cure for all stomach disorders. It is the very best cure for children and adults. It does not create a habit. It does cure.

In all cases of indigestion, dyspepsia, chronic or acute constipation, biliousness, and all other disorders arising from stomach trouble of any kind it is a quick and positive cure. All druggists sell Dr. Caldwell's Syrup Pepsin for 50c and \$1.00 a bottle.

MAIL BROADENED HIS VIEW.

Effect of Confederate Letters on Gen. Lew Wallace.

How the opening of a mail bag full of captured confederate letters appealed to Gen. Lew Wallace, and gave him a new insight into the feelings and motives of his opponents, is one of the occurrences narrated in his "Autobiography," as follows: "After dinner, a soldier brought in a bag tied, not locked. 'Mail,' he said, 'just found.' I had him cut the string and empty the contents upon a table. They were letters unopened; the carrier had doubtless delivered them, then fled. I gave them to an officer for examination. Along towards evening he reported: 'There is nothing here of military importance. But—his voice softened—look of these. My mother might have written them to me. There are the same prayers in them for their side which we hear for our side—prayers, too, to the same God. I would like to know what you think of them.' And I replied, after having gone through them: 'I acknowledge myself wiser of a new lesson. The people of the south believe they have a cause; and certainly every one of them who is in the field soldiering for that cause must be respected; he may be misguided, but he must be honest.' From that hour I have not ceased to act upon that principle."

ACTION WON THE FARMER.

Proof of Kindness Stronger Than Any Political Argument.

The "one touch of nature" that "makes the whole world kin" was added accidentally by a man who, when he was running for the legislature, endeavored in vain to enlist by his arguments the sympathies of a certain old Irishman. This Irishman had great influence with his neighbors, and it was therefore with some disappointment that the political aspirants saw Patrick Halloran's expression of stubborn disapproval at the close of an hour's conversation held close to the Halloran pigpen. In the end, however, Patrick and all his friends voted for the man, and one day, when his election was secure, the representative called again on Mr. Halloran. "I thought you were against me, Patrick," he said. "I was," said Mr. Halloran, frankly. "I had no use for your arguments that day you stood so long over the pigpen. But when I minded afterwards how while you talked you scratched the back o' the pig till he lay down wid the pleasures of it, I said to meself, 'He's all right, no matter if we do disagree on some few p'ints,' I said."—Youth's Companion.

Primary Colors.

Primary colors are the colors into which white light is separated by the dispersion of a prism. Those named by Newton are red, orange, yellow, green, blue, indigo and violet. Artists reduce these to three—red, yellow and blue. Scientists generally consider red, green and blue to represent the primary color sensations, and in one theory there are supposed to be three sets of nerves in the retina which can respond to these three colors. The idea of three primary colors is that from the combination of these three all hues may be produced which are to be found in white light.

Philanthropist's Good Work.

William P. Letchworth, the donor of Glen Iris, the magnificent 1,000-acre estate that has been given to New York, is the originator of what is commonly known as the New York system of almshouse construction. It provides different buildings for the sexes, with an administration building in the center, a service building behind it, all joined by a connecting corridor. Because of his friendship for the Indian cause, he was adopted into the Seneca nation and given the name of "Hel-Wa-ye-sah," meaning "the man who always does the right thing."

Prairie Plays Hide-and-Seek.

Some years ago a topographer was sent out from Washington to make a survey of what was then Payne prairie, Florida, a bit of land about 85 miles in extent. The survey was made and the prairie described. Three or four years later a new surveying expedition found that this land had been transformed into a body of water, and it was put on the map as Lake Alachu. It developed that this lake-prairie plays a Dr. Jekyll and Mr. Hyde game with itself, sometimes appearing as one and sometimes as the other.

Playing for Safety.

A few weeks ago a negro, of Alabama, entering the witness box, said he thought he wouldn't swear. He thought he would just affirm. "Erastus," said the judge, "how is this? A month ago, when you appeared before me you consented readily enough to be sworn. Why is it you will only be affirmed now?" "Well, yo' honah," said Erastus, "de reason am dat I specks I ain't quite so sure about de facts o' dis case as I was o' de oddar."

King's Signature.

Trifling as the actual work of signing his name may seem, yet when the number of times King Edward affixes his signature to documents is considered the work assumes something of the nature of hard, or at least confining, labor. It is estimated that his royal name is signed to not fewer than 50,000 official documents yearly, and in addition to these there are several hundred signatures affixed to his private correspondence.

Miss Sarah Oldham of West Fourth street entertained with a social last evening.

In the Bracken Circuit Court, in the \$1,800 damage suit of John L. B. Edwards, Administrator against the C. and O. Railroad Company for the killing of Mrs. John E. Edwards, his mother, by a C. and O. passenger train at the Augusta depot several months ago, Judge Harbison, after hearing the evidence, gave peremptory instructions to the Jury to find for the Railroad Company.

MURDER ON C. AND O.

Body Found in Freight Car at Huntington—Killing at Brent

Yesterday's dispatch from Huntington, says: As yet the identity of the man found murdered in a box car on a C. and O. freight yesterday, at Russell, has not been established.

He was about 25 and bore evidences of refinement.

A photograph of an elderly lady and a young girl was found in an inside coat pocket and this, with a Richmond street car ticket, was the only thing remaining about his garments.

John Henderson, Central City, Mo.; Joseph Munroe, Cincinnati, and John Hogan, Allegany, Pa.; are in jail here charged with the crime.

They tried to escape, and Hogan ran a mile and a half before being captured. He had a blood-stained revolver with one chamber empty.

Blood stains are on the garments of all those under arrest.

Hogan says he heard a shot fired while the train was at Brent, Ky., below Ft. Thomas, but that he was not with the others now under arrest.

The Maysville guests, as a mounted cavalcade, enjoyed the trip going and coming immensely. The evening was one of unalloyed pleasure.

The Bracken County Telephone Co., is extending its line to Dover following the Dover and Augusta pike.

Rev. J. Stewart Mill and wife of Lexington will leave in a few days for Australia, the old home of Rev. Mill, where they will reside permanently. Mrs. Mill was formerly Miss Louella Mingus of Augusta, and the couple are now enjoying a brief visit with their relatives there before their departure. They were tendered a farewell reception at the Augusta Christian Church Thursday evening.

Mr. and Mrs. Harry B. Owens of West Second street entertained Thursday evening with a moonlight picnic at the Perrine Place in the county.

The hospitable suburban Kirk home on Hilltop was ablaze last evening in honor of a gathering of youth, beauty and chivalry, assembled in response to invitation of the charming young hostess, Miss Ellen Kirk.

Among those present were Misses Sallie Miller Hall, Lucy Baldwin, Marguerite Fitzgerald, Louise Doniphon of Augusta, Elizabeth Barber, and Mary Hall of Pittsburgh; Messrs. W. Owens, Russell Hopper, Andrew Carr, John Fitzgerald, John Dudley Keith, Edward Ball, Lynn Hoeft and Robert Hobflich.

PROF. CLINGER

An Advocate of Advanced Ideas Upon Education

Winchester Sun-Sentinel.

One of the most carefully prepared and most comprehensive papers was read by Prof. D. S. Clinger, Superintendent of the Maysville schools. Topic, "Needed Legislation."

He mentioned many points in which laws should either be repealed or amended.

The first was that the county and not the district should be made the educational unit; a commission should take the place of trustees; the uniform book law amended or repealed;

the governing boards should be non-political or bi-partisan; the compulsory laws should be made more severe and violation punishable with imprisonment.

A very elaborate discussion of the compulsory laws were here given.

In conclusion Mr. Clinger appealed to his audience for a vigorous campaign for these wholesome reforms.

OVERTAXED.

Hundreds of Maysville Readers Know What It Means

The kidneys are overtaxed; Have too much to do. They tell about it in many aches and pains—Backache, sidesache, headache, Early symptoms of kidney ill. Urinary troubles, diabetes, Bright's disease follow.

A Maysville citizen tells here a certain cure. Mrs. Lizzie Burns, living on the Blue Run Turnpike, West End, Maysville, Ky., says:

"My opinion of Doan's Kidney Pills which I expressed through our newspapers in the spring of 1900 has not altered. I value this preparation more highly today than I did when I gave my first testimonial. Before I got Doan's Kidney Pills I was troubled with severe spells of backache and kidney complaint which came on every few months, and there were times when I was confined to my bed and rendered almost helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have noticed slight returns of backache since, but an appeal to Doan's Kidney Pills never failed to quickly and positively check the trouble. In every case I know among my friends when Doan's Kidney Pills have been used the results have always been satisfactory."
